ALOHA NOBLES BESIEGED FOR HAWAIIAN LEIS

(Continued from page one)

attended by, it was said, 50,000 people. The directors of the exposition gave the governor a lunch that day and the California lady managers gave an elaborate dinner in the California building, at which there were about 40 guests; this was followed by a grand reception and ball which finished off delightfully a very successful day. At San Diego we were given a very cordial reception and Hawaiian Day was pleasantly observed, and many courtesies shown. Kani and his Hawaiian exhibit are making a very favorable impression.

"While in San Diego, General John McClellan and wife (nee Emily Halstead) were very kind, and gave a dinner in honor of the governor, at which many representative people were invited. We also met our old friends, Admiral and Mrs. Seabee, who are making their home in San Diego. Many retired army and navy officers are making their homes in this charming place.

"On our return to San Francisco we visited friends in Los Angeles and Santa Barbara, and had an enjoyable time. As a delegate from the Hawaiian Territorial Medical Society I attended the session of the American Medical Association from June 21 to 25. It was a very large and notable gathering of the profession from all parts of the United States. The new auditorium, which is a very large and beautiful building in the civic center, was used by the house of delegates and most of the sections for their meetings.

"The house of delegates, which is the business portion of the Association, did much good work. Hawaii was remembered by placing her delegate on one of the important committees, and was further honored by being asked to second the nomination of Surgeon-General Rupert Blue for president for 1916. Dr. Grant of Denver was the other candidate, but Dr. Blue won by a handsome majority. "I also attended some meetings of the American School Hygiene Association which met July 25-26.

"In the mornings I visited hospitals and saw much operation work of interest. The Southern Pacific railway hospital is one of the best equipped and conducted hospitals I have ever visited, and ranks as one of the best in the United States, if not the world. Dr. Ainsworth, the present chief surgeon, is largely responsible for its construction and took great pride in showing me over the entire plant.

"The afternoons were spent usually at the exposition grounds, and it would take months and not weeks to go over the various exhibits as they deserve. As it was, one only has time to skim over the buildings, so vast are they and the area covered enormous. One cannot help but take off his hat to San Francisco, when you view this beautiful and tremendous exposition and consider that only nine years ago the city was in ruins. Such energy and courage is truly remarkable.

"The meeting of the Imperial Council of the Shrine in Seattle July 12-17 was more than a success. The arrival of the Arab Patrol from Aloha Temple and a number of other patrols in San Francisco gave Islam Temple much to do and they certainly were always equal to the occasion.

"The Nobles of Aloha Temple were wine and dined, driven all over the city, and much other entertainment was provided. The nobles of our temple were invited by Islam to join them on their special train to Seattle, which was accepted, and we had a most enjoyable trip, through one of the most beautiful scenic and agricultural regions it has ever been my good fortune to see. Seattle was practically turned over to the Shriners for several days. "Sunny Jim" McCandless is very popular with the Imperial Divan, and made good by being advanced to ceremonial master.

"Our headquarters in the Washington Hotel were besieged all day long by people simply crazy to get a lei. Everyone was given some pineapple, Kona coffee and Hawaii literature. Much good promotion work was done in this manner. All sorts of amusements were planned for the visitors and heartily enjoyed. Our patrol did splendid work and made a most creditable showing whenever they appeared. The water buffalo came in for his full share of attention.

"Our special left a day earlier to enable Islam to return in time to receive the returning temples and patrols who were due for Shrine day at the exposition July 15th, so we had no opportunity to visit Portland, as was done by other temples. San Francisco had a very busy few days with the Elks returning from their

W. W. Dimond & Co., Ltd., Now Handle the Celebrated Royal Copenhagen China—A Full Service Will Be Installed in the New Bankers' Club of New York, the Most Exclusive Organization in America

When the doors of New York's newest and most exclusive luncheon club are thrown open in the near future, the many white-clothed tables will be found set with a dinnerware pattern that has stood the test of time and is today what it was one hundred and thirty-six years ago—a classic dinnerware service.

The membership of the Bankers' Club will, needless to say, embrace the heads of the best families of America, cultured to a degree and, many of them connoisseurs and collectors of ceramics, their aesthetic taste was doubtless taken into consideration in selecting the dishes to be placed before them.

The design is known as the "Mussel" pattern and is the famous blue flint brought out by the Royal Copenhagen potters in 1779 and successfully manufactured ever since.

Dimond & Co. consider themselves fortunate in securing this ware for Hawaii. Its adoption by the Bankers' Club is the best indorsement of its artistic and wearing qualities.—Adv.

LOCAL AND GENERAL

Arrested Sunday afternoon on a charge of speeding, J. P. Cooke, Jr., was fined \$15 and one dollar costs in police court yesterday.

Building permits were issued today for two dwellings, one for \$500 to Doo Kwong, and one for \$800 to J. A. Lawelawe.

A demurrer has been filed in circuit court by the defendant in the matter of the Stern Furniture Company against A. Z. Rothschild, an action for debt.

Auction sales of leases on public lands have been made recently by Land Commissioner Tucker. The sales cover land on Oahu, Maui and Kauai.

The non-commissioned officers of the National Guard will meet in the armory Friday night to discuss the organization of a club for social and fraternal purposes.

Members of the Honolulu Automobile Club will meet Friday, July 30, at 3:30 in the Chamber of Commerce rooms, to arrange plans for a cross country run and dinner.

Boys of the Y. M. C. A. summer school were yesterday given demonstrations in fire fighting by Fire Chief Charles H. Thurston, who had them as his guests at the central station of Fort and Beretania streets.

On the ground of desertion, Wassa Watanabe was granted a divorce from Toyo Suke Watanabe by Circuit Judge Stuart today. The plaintiff was awarded \$25 attorney's fees, allowed alimony in the sum of \$8 a month, and given judgment for the costs of the court.

S. Hoomana was appointed by Circuit Judge Ashford today as temporary administrator of the estate of John Alapai Kua, under bond in the sum of \$900. The estate consists of \$810 cash in a local bank and real estate on Oahu. Hoomana has waived the statutory fees as administrator.

A special committee composed of Frederick W. Klebahn, Joseph Sheedy, and Raymond C. Brown, was appointed yesterday by the chairman of the maritime affairs committee of the Chamber of Commerce to prepare a digest of the Seamen's Act upon which the National Chamber of Commerce has asked for a referendum.

Charles E. King, Kamehameha School graduate and former supervising principal in the department of education, and Miss Emma Liffie, of a well-known Kona family, were married yesterday at the home of Rev. Akaliko Akana, pastor of the Kaunakapili church. The marriage brings to attention an attachment that began when they were brought together as members of the Young People's League and both active in its work. Miss Liffie has been employed by the Hawaiian Board of Missions as a stenographer.

HAWAIIAN BAND AT HEINIE'S THURSDAY

Heinie wishes to announce that he has secured the Hawaiian band for the dinner hour Thursday evening, July 29, when a special concert will be rendered at the Tavern.

The band has a number of new popular pieces and is giving very fine concerts of late. This opportunity to dine and hear selections from the band at the same time should not be missed.

After the dinner hour, dancing will be indulged in and those on hand Thursday evening are assured of a good time from the time they sit down to the usual excellent dinner until the last dance—and time to go home.

Reservations for Thursday evening are now being received and as a large gathering is anticipated Heinie suggests early orders for tables, etc.—Adv.

The United States navy collier Neurus, with coal for the naval station in the Philippines, is due late today from the east coast via Panama.

convention in Los Angeles, the Rotarians who were in convention and the Shriners all hitting the city at the same time.

"We had a most delightful trip down on the good ship Lurline with her popular Capt. Edwards. After a few weeks of work and play, I am ready to buckle into the harness again."

NEW SECRETARY FOR Y. M. C. A. IS ARRIVAL TODAY

Rolla K. Thomas, the first of the new secretaries who will take up work this year at the local Y. M. C. A., arrived this morning on the Lurline. Mr. Thomas, who is a graduate of the University of Indiana, comes here direct from the Y. M. C. A. summer school at Lake Geneva, Wisconsin.

"Honolulu," says Mr. Thomas, "was as well represented as any association town at the school, there being five representatives from the local association in attendance. These were Jackson and Kilham of the regular staff, and Whitcomb, Steele, and Thomas, of the new men."

"In the enrollment this year 37 states were represented, reaching from the Pacific Coast to Maine, besides representatives from China, India, Australia, Mexico, and other foreign countries. The courses at the summer school have to do with all phases of the association's four-fold work: the social, physical, mental, and spiritual, the instructors being experienced Association men in these various departments.

"The camp site is a beautiful plot of 67 acres of grass and wooded land on the shores of Lake Geneva. The lake itself is quite an attraction, being 30 miles around, cool and clear, furnishing excellent swimming, boating and fishing. The golf links on the hill near Yerkes Observatory, the athletic field, and 11 tennis courts help to furnish ample opportunity for recreation to which afternoons are largely devoted.

"The camp, while primarily for Y. M. C. A. paid secretaries, is open during the month of July to members and friends of the association."

GET TOGETHER SPIRIT WANTED FOR CARNIVAL

"The Carnival company wants the residents of the other islands to come to Honolulu and see the 1916 celebration and also to send assistance in the way of entertainers," said Judge Henry E. Cooper, director-general, today.

Director-general Cooper is planning to make a tour of the islands before he leaves for the mainland to obtain new Carnival ideas. He has not yet decided when he will make the trip. Asked this morning how business was, he answered "rushed" and attacked a pile of letters, folders, steamship plans and photograph albums on his desk.

Summing up the work which has been done since his appointment as director-general, Judge Cooper said that plans for the celebration are progressing in excellent shape and that, according to the present outlook, Honolulu and its visitors will be treated to a series of surprises next February.

LITTLE INTERVIEWS

—R. C. LYDECKER: The volcano of Kilauea is a wonderful sight at present, and so many visitors are going to see it that it is difficult to obtain accommodations at all times.

—A. D. LARNACH: This question of whether or not the coastwise law should be suspended as it applies in passenger traffic to and from Honolulu is too deep for me and I cannot give out a curbstone opinion.

—PAUL SUPER: People will have to join the Y. M. C. A. in order to make subscriptions to the swimming pool campaign which is to begin soon. No one but association members will have the privilege of giving toward the fund.

—DEPUTY SHERIFF ASCH: While in San Francisco I heard reports on the waterfront that J. J. McGrath, indicted in connection with the opium deal which made him and Jack Scully notorious, had been in Frisco and is now in Mexico.

—SUPERVISOR ARNOLD: The city planning ordinance is coming up for a reading tonight at the meeting of the board, and if I have anything to say about it action will be taken on the specifications for the new water wheel and other additions at the electric light plant as well.

—F. C. POOR: The harbor commission has received no word as yet from the naval authorities at Washington in regard to the removal of German refugee ships to Pearl Harbor. The commissioners have about given up the hope of an answer to the cable message, but they should receive soon an acknowledgment of the letter that was sent.

CABLE TO JAPAN REPAIRED. The local Commercial Pacific Cable office announces that the cable connecting Guam and Tokyo has been repaired and that direct communication with Japan has been re-established at regular rates.

The schooner Robert Lewers, Capt. Anderson in command, is expected at Pier 15 daily with lumber for Lewers & Cooke.
